# EAUC 2015

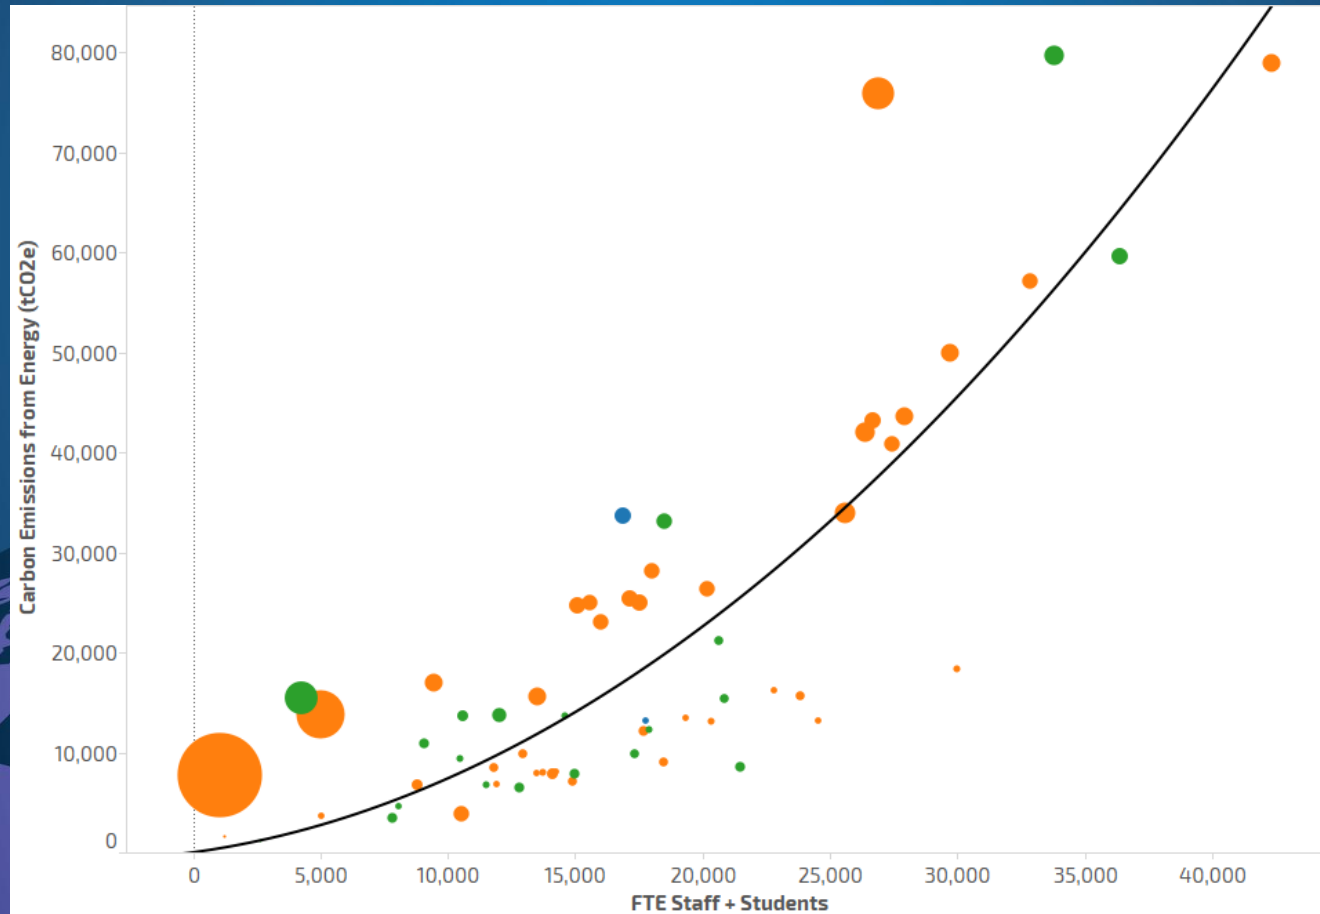

## What best describes your institution's approach to sustainability?

- a) Sustainability is fully embedded within our institution
- b) We are working towards embedding sustainable practices within our institution
- c) We are aware of the opportunities that sustainability presents, but it is not yet integrated within our institution's strategy
- ~~d) Sustainability is currently only seen as a reputational and compliance issue~~
- ~~e) Sustainability is a completely new area of focus for our institution and an approach is yet to be defined~~

### Response

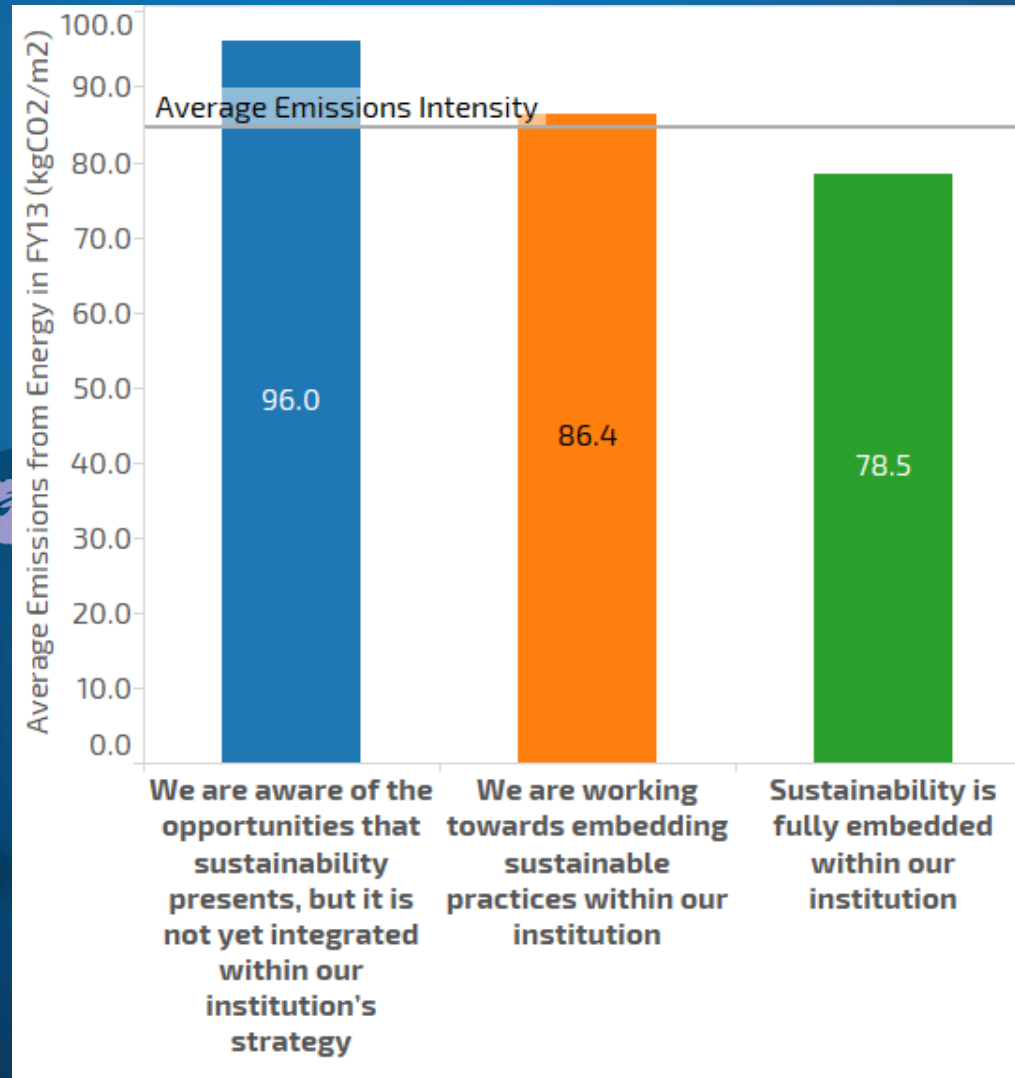

- a) Sustainability is fully embedded within our institution
- b) We are working towards embedding sustainable practices within our institution
- c) We are aware of the opportunities that sustainability presents, but it is not yet integrated within our institution's strategy

## Emissions intensity in 2012/13 (kgCO<sub>2</sub>/m<sup>2</sup>)
