Performance

Superior performance on porous surfaces

Backed by our 23 years of research in the field of biological cleaning, we have engineered high performance products that clean effectively. InnuScience has also created superior performing problem solvers to tackle foul odours and cut through grease.

How our products work:

Don't take our word for it, here are our **before** and **after** results

Before

After

Planet Conscious

Either Ecolabel or Ecologo certified

All InnuScience cleaning products comply to the DEFRA Government buying standard and are certified by either:

Price Competitive

Cost in Use

InnuScience offers extremely competitive costs by using concentrates. Our products perform many tasks, reducing the number of cleaning products to cater for all your needs.

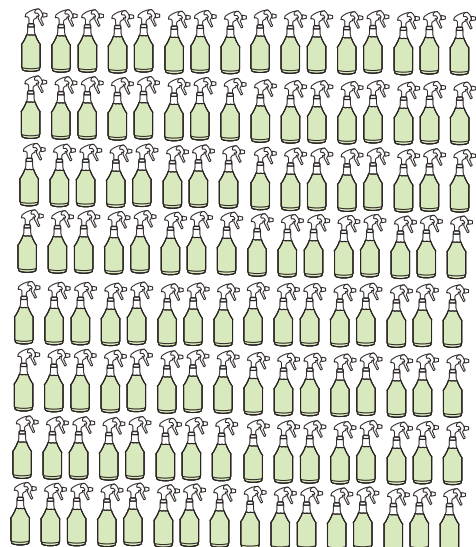

InnuScience **cost effective** concentrates are competitively priced through **cost in use.**

900 ml

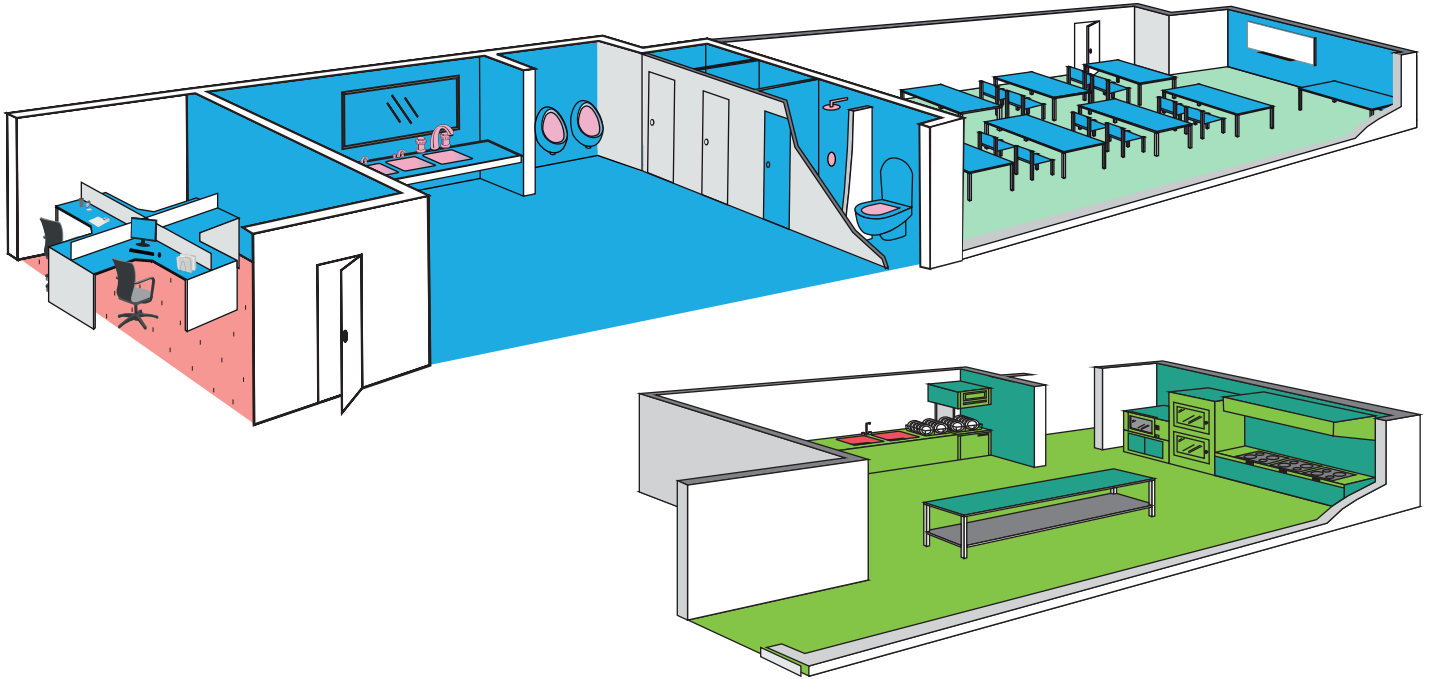

180 Spray Bottles
