

Pembroke College Oxford

“ Right from the start of the tender process it was clear that JPA Furniture understood our requirements and they delivered on price, quality, flexibility and service. We were delighted by the key part JPA Furniture played in making sure this major £25m project was a huge success ”

The Harold Lee Room

The Andrew Pitt Room

One Bedroom Apartment

Student Study Bedroom

Farthings Café, overlooking the Rokos Quadrangle

All furniture is designed for end of life and can be fully recycled

Pembroke College Oxford

THE BRIEF

Pembroke’s aim was to create an inspirational and impressive venue in keeping with the theme of a modern building in a traditional context. The College undertook a dramatic transformation of the site, with a state of the art development of both new buildings and quadrangles right in the centre of the City of Oxford. JPA Furniture was successful in supplying loose furniture and furniture for both the Student Accommodation areas and the suite of reception/seminar rooms.

THE SOLUTION

We used our design led approach coupled with sourcing capabilities, innovative thinking and project management experience to fully meet the College’s expectation. JPA Furniture worked closely with the architect to complement the finishes of the buildings and with the College to meet its operational needs.

THE IMPLEMENTATION

This project required careful detailed liaison with the site management due to offloading restrictions in the City Centre. The JPA Furniture Installation team ensured that the products were quickly installed in the various rooms on time with minimum disruption, which ensured the handover of the building on schedule.

The new buildings are now fully operational and working well. Also, Pembroke College is now in demand as a unique venue for meetings and conferences right in the centre of Oxford.
