Litter Prevention Action Plan

The snowball effect

Keep it simple

A small idea can grow into a whole new campaign for your community

Keep going

Whilst you might face set backs, remember that every action is important and impacts the bigger picture

Keep dreaming

Some of your ideas might be seen whacky, too complex or unachievable, but use them to shape your future

Keep Scotland Beautiful

Who we are and what we do

Keep Scotland
Beautiful

Our vision:

A clean, green, sustainable Scotland.

What we do:

Sustainable development education

Provide education initiatives for children, young people and educators

Local environmental quality

Provide advice support and training to help create and maintain cleaner and safer local areas

Sustainability and climate change

Work to help people to reduce carbon emissions and adapt to impacts of climate change

Environmental services

Help organisations meet environmental commitments and responsibilities

Sustainable development education:

Eco-Schools Scotland

Young Reporters Scotland

One Planet Picnic

Education Projects

Sustainability and climate change:

Climate Challenge Fund

Environmental services

**Environmental Auditing
and Assessments**

**National Award for
Environmental Excellence**

Training

LEQ Network

**Corporate, social
responsibility support**

Carbon Management

Local environmental quality in decline - 2017 Update Report

Original report – March 2016

Update published – October 2017

Update – Nov 2018

Wider impacts
