To have a Sustainable Christmas

❄ Consider sending electronic Christmas cards to friends and family, these are available for free from many charity websites.

❄ Recycle your Christmas cards at WH Smiths, Tesco, M&S and TK Maxx

❄ Recycle your real tree's via the Woodland Trust or through your Local Council

❄ Buy a uk grown real tree with roots and re-plant it in your garden

❄ Consider giving something back in the fight against poverty (www.oxfam.org.uk/shop)

❄ Watch out for unnecessary packaging on your purchases.

Christmas, a time of goodwill and celebration accompanied by a large increase of around 3 million tonnes of waste in the UK each year

Roughly 83 square km of wrapping paper will end up in UK bins this Christmas - enough to cover an area larger than Guernsey.

Royal Mail deliver around 150 million cards and packets EACH DAY with an estimated 1 billion Christmas cards ending up in the bin!

Christmas wishes from the
