

# Innovation at Liftshare

## Smart Parking:

Track how often staff are sharing and validate the Parking Permit on a daily basis.

1.

## Add your journey

Add your journey details and filter your search to find the best Liftshare for you.

2.

## Find another member to car share with

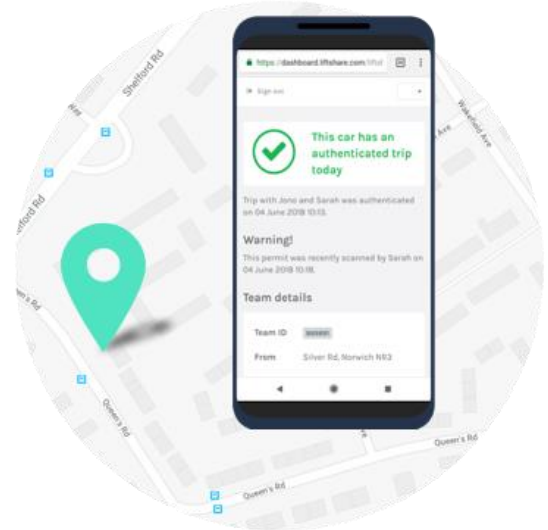

Use the messaging system to arrange with your potential Liftshare partner how and when you will meet.

3.

## Start sharing!

Once you've accepted the request to share, you're ready to start your Liftshare journey.

# Smart Parking

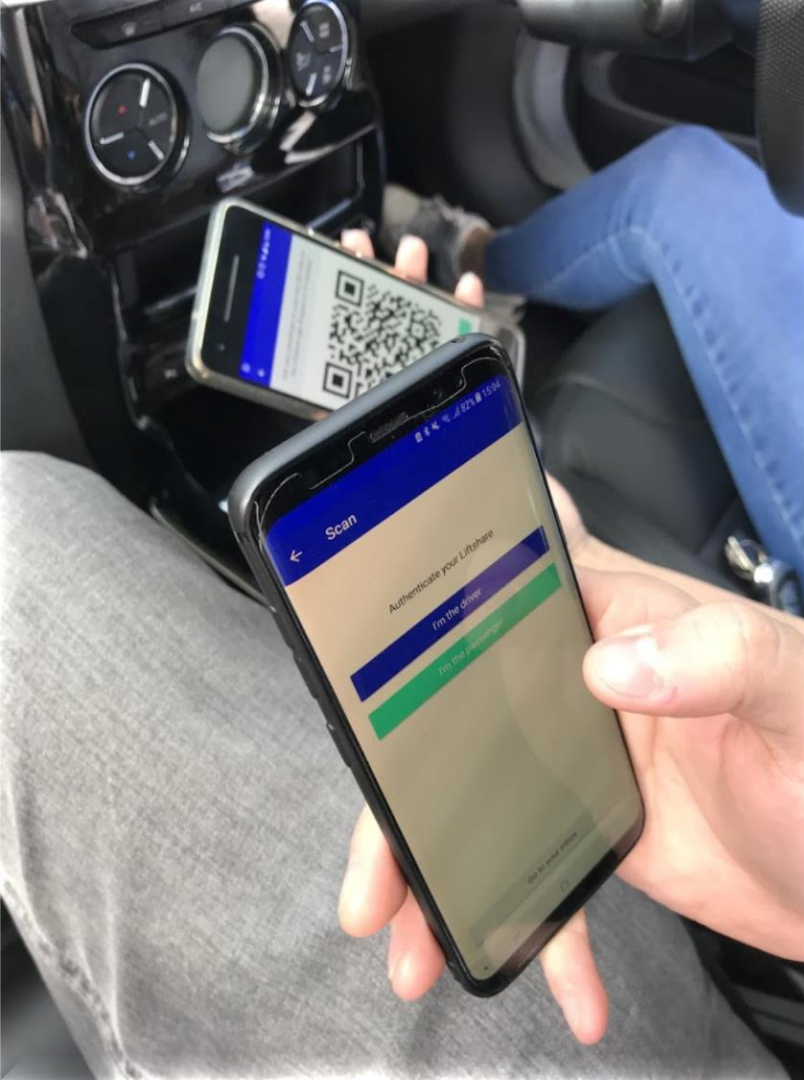

# Smart Parking

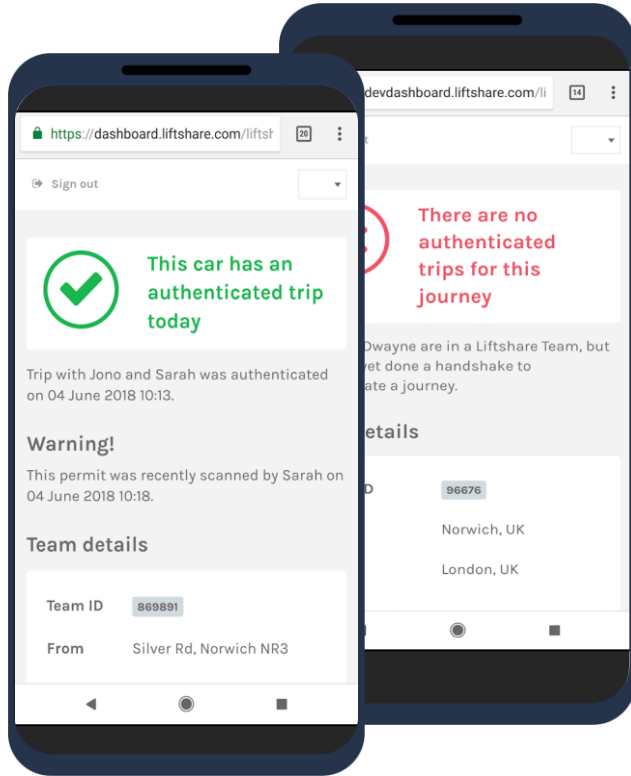

Once a Liftshare team is formed, members can generate a **Liftshare Permit** and place this on the dashboard of their car.

# Smart Parking

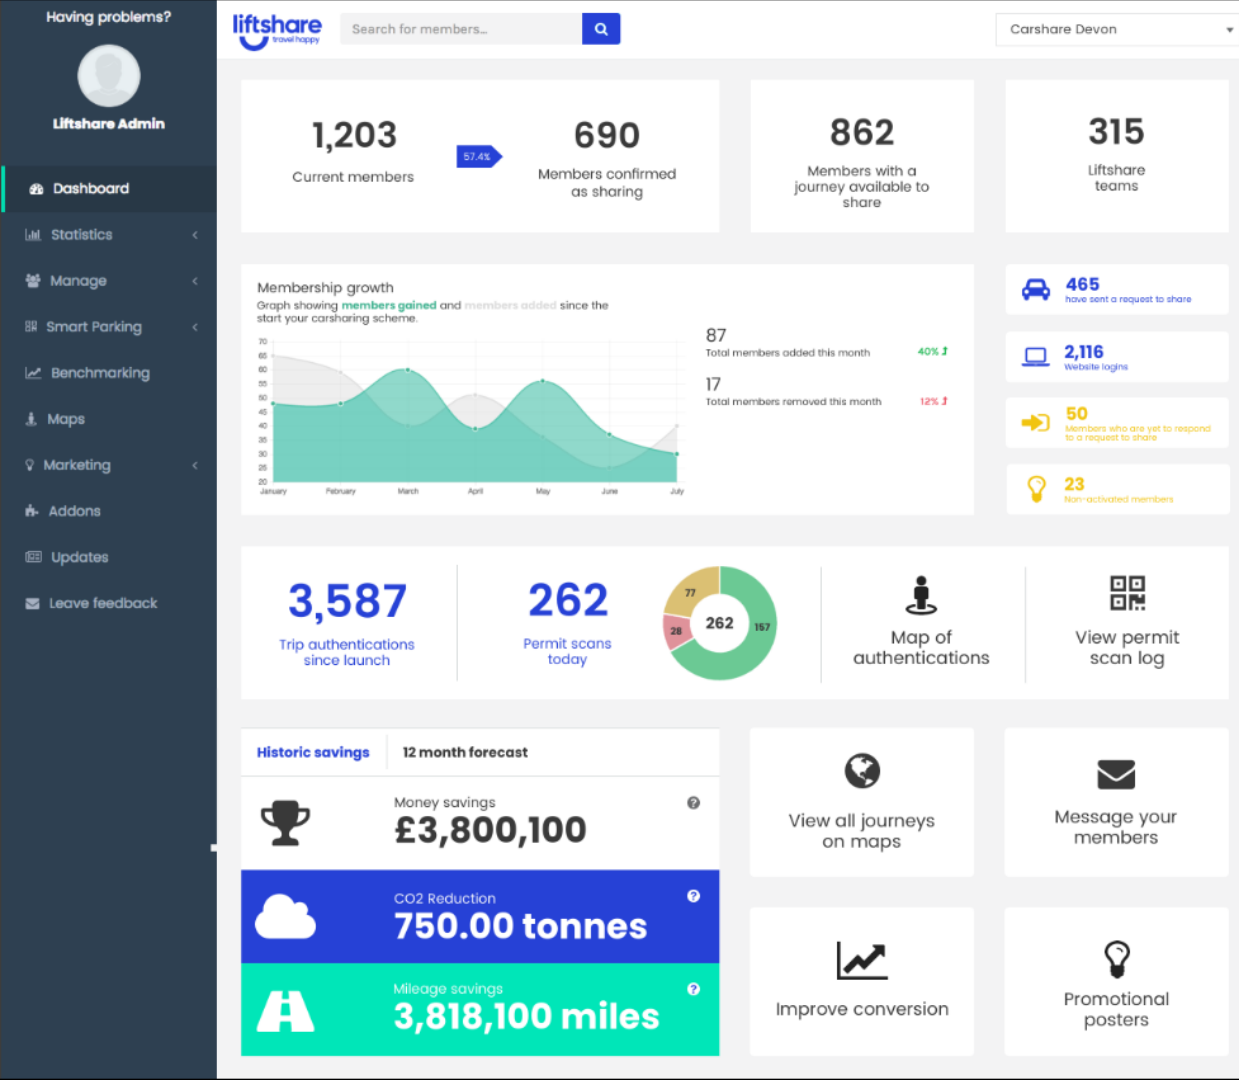

Using the **Liftshare App**, members validate their trip with a **QR code**.

# Smart Parking

A parking attendant then **scans the permit** of those parked in **dedicated Liftshare bays**, and can see if they have authenticated their trip that day with a '**status screen**' on their mobile device.

Smart Parking is at the forefront of our user **dashboard**; showing historic and **daily results**.
