

# Sustainability Leadership Scorecard

*Our experience at the University of Lincoln*

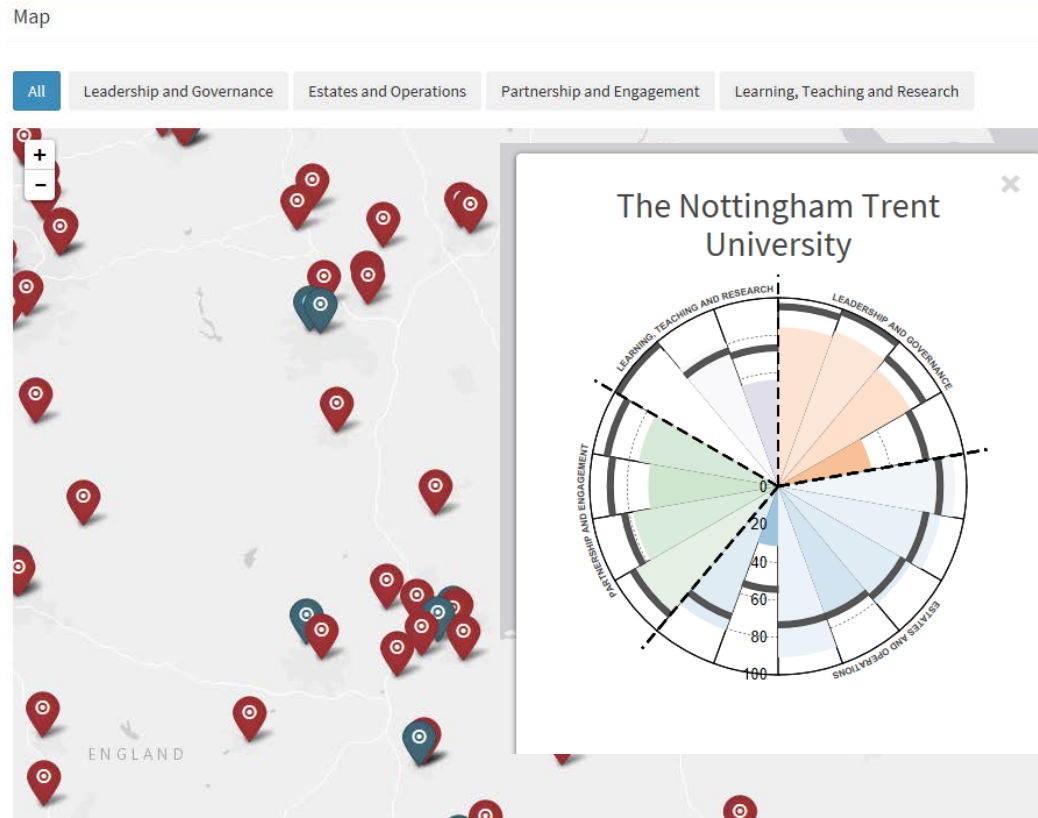

- Approach taken
- Institution-wide engagement
- Excuse for making contacts
- Current position
  - Baseline
  - Presented to leadership team

Baseline November 2018

# Main benefits

- Intuitive tool
- Prompt for internal engagement
- Link with SDGs
- Maps against ISO / EcoCampus / Food for Life
- Benchmarking against other institutions

# What's next?

## *Considerations / Challenges*

- How to progress from baseline?
- Ensuring regular review
- Possible need for external review?
- Alignment with our Environmental Management System
  - Objectives mapped against SLS score and targets
