ESD competencies

Competency = skills + knowledge + capacities/values/attitudes. UNESCO proposes 8 competencies for sustainable development:

- **Critical thinking competency** (questioning practices, opinions, norms)
- **Systems thinking competency** (see & understand complex relations)
- **Anticipatory competency** (considering multiple outcomes, creating visions)
- **Strategic competency** (develop and implement actions)
- **Collaboration competency** (learning from/working with others)
- **Integrated problem-solving competency** (interdisciplinary approach)
- **Self-awareness competency** (reflecting on own values, role, action, desires)
- **Normative competency** (reflecting on norms, values, negotiating despite uncertainty)

Your experience and thoughts

Which competencies are you supporting your learners to develop?
Or: Which competencies may be more or less developed in transport & tourism courses?

- **Critical thinking competency** (questioning practices, opinions, norms)
