

Engaging People in Practical Local Action on the Climate Emergency

Transition Town Network

The Head – The Heart – The Hands

Transitioning toward a low carbon future and fostering community resilience

Promoting inclusivity

Adopting self-organisation and collective action

Experimental and focused on idea sharing

Positive visioning, creativity and fun – Bounce Forward

How to do Transition in your University or College

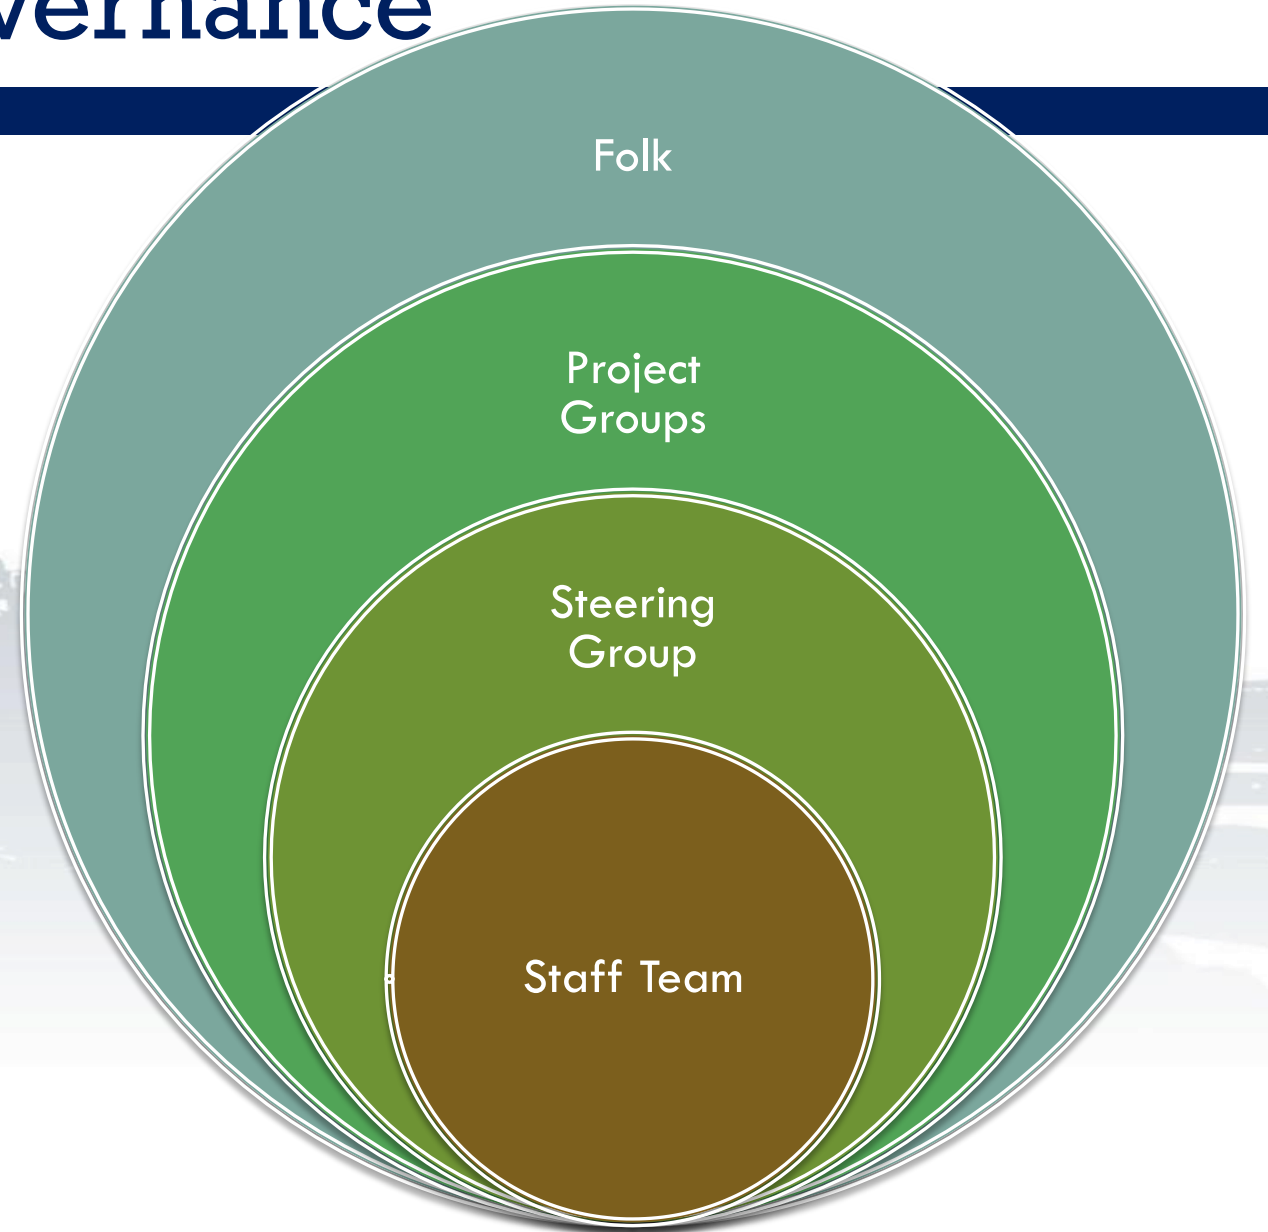

A guide to making your university more sustainable environmentally, socially, and academically.

By the Transition Network team

“Transition gave us something outside this bubble we could engage in, and crucially, learn skills that made us feel like we could actually be able to lead a good life in harmony with the planet.”

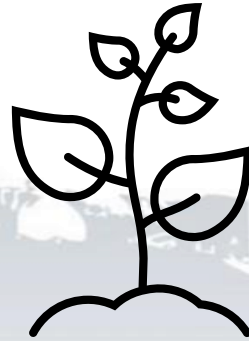

Partnership and Governance

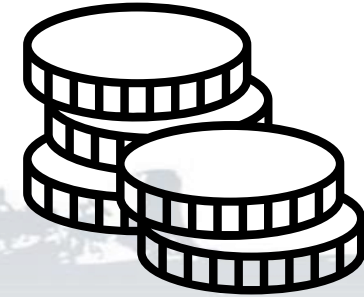

Supporting Action

Engage people where they are most comfortable or interested

Create space to vision and allow growth of ideas

Provide framework, funds and seek funding to deliver

Project Areas

Local Food

Smarter Travel

Climate Literacy and Action

Green Spaces and
Wildlife

Sharing, Reuse and
Repair

Events and Networks

- Green Film hosted films online and a successful festival
- Climate Cafes online
- Climate Action Fife
- Climate anxiety
- Meadow Management workshop
- Bounce Forward Visioning Workshop

Engaging in COP26

- Open to all
- Visual and engaging
- Create space for partnership
- Provide a platform for youth and elected representatives to share
- Give tangible actions before leaving
- Big 5 For Fife – climate actions
